Smart Bellarte Protezione Matt / Gloss Finish

Product Description

SMART BELLARTE TRAVERTO is a premium microcement decorative wall finish that blends modern technology with contemporary design. It creates seamless, exposed concrete-inspired surfaces with refined textures and a minimalist aesthetic, delivering timeless elegance to both residential and commercial interiors.

Theoretical Coverage

Traverto is designed to be applied in 2 coats.

Approximate Coverage: 0.8–1.0 m²/kg (2 coats).

Actual coverage may vary depending on substrate condition, surface profile, application method, and site conditions.

Application Condition

Apply only under the following conditions:

- Ambient temperature : Minimum 5°C
- Relative humidity : Maximum 85%
- Substrate moisture content : Maximum 10%

Ensure the substrate is flat, clean, sound, dry, and free from dust, grease, loose particles, and other contaminants before application.

Application Data

Touch Dry	: 1–2 hours
Hard Dry	: 8–12 hours
Recoating Interval	: 5–7 hours
Full Cure	: 5–7 days

Dependent on temperature and humidity.

Application Method

Apply using a Easy Roller ,
Stainless Steel Trowel ,
Stainless Steel Scraper &
Sand Paper

Precautions

- Stir thoroughly before use. Minor sedimentation is normal.
- Read the application instructions carefully before use.
- Ensure the work area is clean and well prepared before application.
- Avoid contact with eyes. In case of contact, rinse immediately with clean water.
- Store in a cool, dry place at room temperature. Avoid freezing.
- Apply using the recommended primer and protective topcoat system to achieve the intended decorative effect.
