

Smart Lacquer Thinner

SP-THINNER

450 ML

Description

Smart Lacquer Thinner is a specially formulated lacquer and varnish thinner and cleaning solvent. It can be used to dilute nitrocellulose, epoxy, and synthetic paint.

Features

- To improve paint consistency.
- Reduce risk of imperfection

Composition

Diluent : Thinner

Properties

Colour : Clear

Application Method:

Thinning Paint

1. Ensure the surface of the area to be painted is clean, dry and prepared to paint manufacturer's directions.
2. The ratio of Smart Lacquer Thinner to paint should be in accordance with paint manufacturer's guidelines. All equipment used in mixing and applying the mixture should be clean and dry. When mixing paint and Smart Lacquer Thinner together use accurate measures. Add Smart Lacquer Thinner to paint slowly and stir. Mix thoroughly before application.

Surface Preparation:

General Cleaning

Wet a lint-free cloth with Smart Lacquer Thinner and wipe surface to remove dried residue.

Precaution:

This product is flammable. Cans should be stored in a sealed condition. This product should be stored at temperature below 25°C, and the storage condition must be dry, well ventilated, away from sources of heat and blast. Use latex gloves. Avoid direct contact with skin.
